3 Click here.

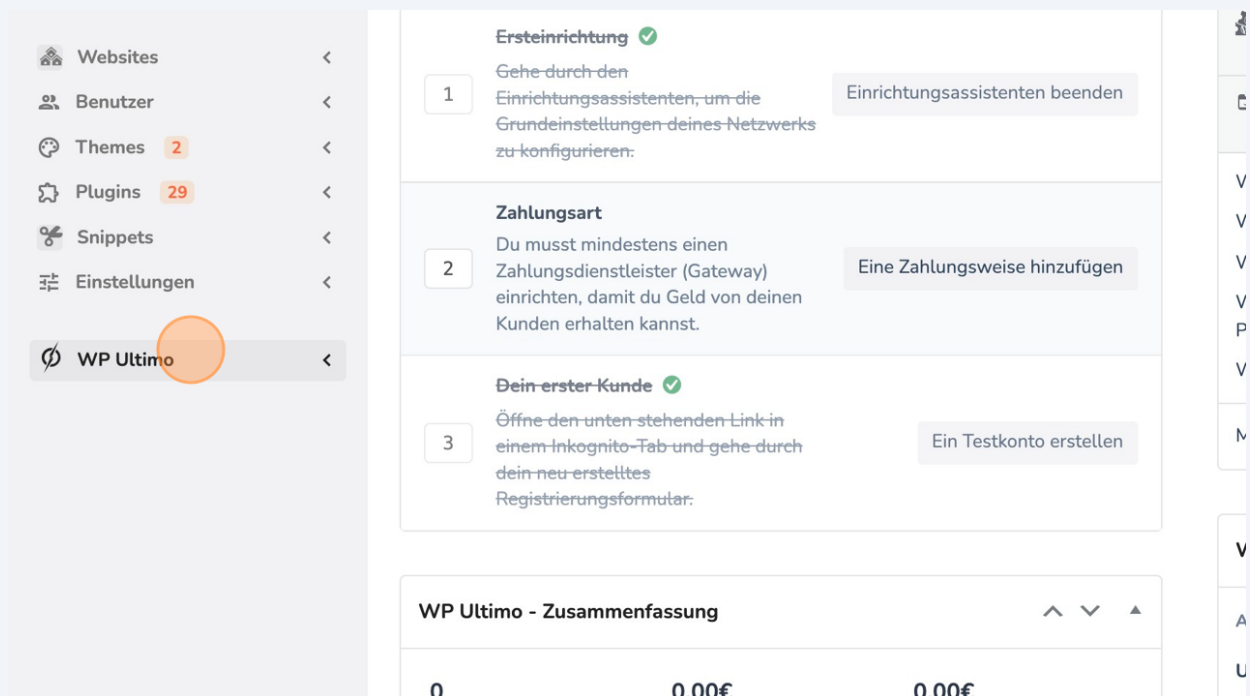

4 Click "[aboshops.com](https://aboshops.com)"

## 5 Click "Dashboard"

## 6 Click "wp-ultimo"

## 7 Click "Websites"

The screenshot shows the WP Ultimo dashboard. On the left, a sidebar menu is visible with the following items: Einstellungen, WP Ultimo (selected), Dashboard, Bestellformulare, Produkte, Mitgliedschaften, Zahlungen, Kunden, Websites (highlighted with an orange circle), Domains, Gutschein-Codes, Mitteilungen, Einstellungen, Ereignisse, Webhooks, and Addons. The main content area displays a 'Zahlungsdienstleister (Gateway)' section with a button 'Eine Zahlungsweise hinzufügen', a 'Dein erster Kunde' section with a button 'Ein Testkonto erstellen', and a 'WP Ultimo - Zusammenfassung' section showing 0 registrations today, 0.00€ MWE, and 0.00€ today's gross revenue. Below this is a 'WP Ultimo - Activity Stream' section showing 'Keine weiteren Elemente zum Anzeigen'.

## 8 Click "Website erstellen"

The screenshot shows the RunCloud Hub 'Websites' page. At the top, there is a 'RunCloud Hub' label and a 'Kontakte durchsuchen' button. Below this, there is a 'te aktualisiere jetzt.' link. The main heading is 'Websites', followed by a '+ Website erstellen' button (highlighted with an orange circle). Below the heading, there are tabs for 'Alle Websites', 'Kundeneigene', 'Templates', and 'Ausstehend'. Under the 'Alle Websites' tab, there is a 'Mehrfachaktionen' dropdown menu, an 'Übernehmen' button, and an 'Alle auswählen' button. At the bottom, there are two preview cards for websites. The first card shows a 'Jetzt Dein Magazin bestellen!' message. The second card shows a 'JETZT DEIN MAGAZIN BESTELLEN!' message.

- 9 Click the "Neue Netzwerk-Website" field.

25 Click "Add New Domain"

The screenshot shows a dark blue header bar with a small icon on the left. Below it is a light blue sidebar. The main content area contains a white box with a blue button labeled "Add New Domain" in the top right corner. Below the button is a table with three columns: "reference", "Wildcard", and "SSL". The table has two rows of data, each with a hyphen in the "reference" and "Wildcard" columns and a green icon in the "SSL" column.

reference ⓘ	Wildcard ⓘ	SSL
-	-	
-	-	

26 Click the "e.g: [example.com](#) / [subdomain.example.com](#)" field.

The screenshot shows a "Domain Details" form. It has a section for "Domain Type" with radio buttons for "Alias" (selected) and "Redirect". Below that is a "Domain Name" section with radio buttons for "Use test domain" and "Use my own domain / subdomain" (selected). There is a text input field with the placeholder text "e.g: example.com / subdomain.example.com". Below the input field is a checkbox for "Enable www for this domain / subdomain". At the bottom is a "DNS Integration" section with a button labeled "None - I will setup DNS records manually".
